## **To Whom It May Concern**

I am writing to express the support of the Mission Beach Community Association for the request to Arts Queensland, Creative Communities seeking funds to develop and present a series of workshops on wearable art. We understand that these activities will commence in the Mission Beach Community Arts Centre in 2011.

The Mission Beach Community Arts Centre has been successful in gaining federal funding to build a Community Arts Centre at the central location of MARCS Park on land made available by the Cassowary Coast Regional Council. The Community Association has been a strong supporter of the concept of the Arts Centre which we believe will make a very significant contribution to the cultural and creative activities at all levels within the Mission Beach community.

Mission Beach Artists have run a number of well-supported workshops on a range of activities relating to Art education and the Community Association believes they have demonstrated their professionalism and ability to carry out projects here at Mission Beach.

The Mission Beach Community Association will continue to provide support for Mission Beach Artists on our website and at our general meetings.
