To Whom It May Concern

I am writing to express the support of the Mission Beach Community Association for the funding application by the Mission Beach Community Arts Centre for a \$35 000 grant from the Queensland Gambling Fund. The Community Arts Centre has been successful in gaining funding to construct a purpose-built Arts Centre at MARCS Park in Mission Beach. The requested funding will enable the purchase of fixtures and fittings as well as equipment ranging from tables and chairs to moveable walls, hangings for art works of various kinds and computer equipment.

The Arts Centre will be in a central position in Mission Beach and it has been designed to provide flexible space so that it not only will serve the thriving arts community here in Mission Beach but will also be used by other organisations for running seminars and presentations. The Community Association believes that the Arts Centre will make a very significant contribution to the Mission Beach community as a whole

The Mission Beach Community Association has been a strong supporter of the Arts Centre since it was first proposed and we would continue to provide support to the Arts Centre by providing publicity and information on our website and at our general meetings.

Warwick Jull

President Mission Beach Community Association
