

**WORKING BEE:**

Members of the Mission Beach Community Association gathered on Saturday morning at the Clump Point Jetty car park to assist the Cassowary Coast Regional Council with beautifying the area. In its State of Mission Beach 4852 Report, the association identified the area in need of a major upgrade. After an on-site meeting with Council staff a plan was drawn up and Council commenced work on the banks. MBCA members then assisted with weeding, planting and mulching. Among those taking part were Thomas Bauer, Ray Scarborough, Truus Biddlecombe, Lina Bauer, Lynda and Paul Williams, Jody Lockman, Terri Scarborough and Jarra Sydes. MBCA's next project will be at the Wongaling Refuse Depot where a shade cloth will be placed over the fence to hide the rubbish from the public's view when the gates are closed.
